OSHA Docket  
Docket No. H-122  
Room N-2625  
200 Constitution Avenue, NW  
Washington, DC 20210

Dear Sir or Madam:

I feel that this is a personal choice and that OSHA should not be a part of it. They are responsible for safety and should not be in charge of the rules of the office. They are in charge of overseeing the safety of the workplace, not the rules or functioning of it. If OSHA is allowed to make this decision, then they will try to take the responsibility to decide on how much a person should be paid and what work they can do. Therefore, my wishes are for OSHA to step back and let it be our choice, not theirs.

Cordially,
